third places

Major urban projects

— Euralille at the Deûle

- Saint-André-lez-Lille, Lambersart, La Madeleine and Lille
- 200 ha
- Project structured around mobility, nature and biodiversity (development of the Extramobile tramway, planting of 20,000 trees, renaturation of 15 hectares of land)

— La Lainière

- Roubaix and Wattrelos,
- 33 ha
- 100 employees – 1,000 residents – 70% business – 30% housing

— Banks of the Deûle canal

- Marquette-lez-Lille, Saint-André-lez-Lille and La Madeleine
- Creation of a 20-hectare park
- Integration of a tramway line / LHNS / LINO
- 10,000 inhabitants

— Banks of the Upper Deûle canal

- Lille and Lomme
- ZAC 38 ha / 15 ha of public spaces / 6 ha of green spaces including 2 ha Parc du Marais
- 1,800 housing units / 160,000m² of tertiary space
30,000 m² of facilities, services, shops, activities

— L'Union

- Roubaix, Tourcoing and Wattrelos
- 80 ha / 10 ha of green space
- 3,500 employees / 600 housing units under development

— Euralimentaire

- Lomme, Sequedin, Ennetières-en-Weppes, Englos and Capinghem
- More than 200ha (including 15 hectares open to urban development)

162,000 m²

of office space marketed
in 2025
(source : 2025 Real Estate Club)

Euralille

2nd largest business district in
France (outside Paris)

hello students

2nd largest university centre in France (excluding Paris)

(source: MESRI 2023-2024)

136,000 students including:
10% international students
(source : MESRI 2024)

2 universities:
University of Lille and Catholic University of Lille

The National Customs School in Tourcoing:
the only school in France that trains customs inspectors.

University of Lille

75,000

students

of which **11,000** are of foreigners
(152 nationalities).

Experimental public institution **labeled Initiative of Excellence France 2030** since January 1, 2022.

University **certified in SD&SR**
(Sustainable Development and Social Responsibility).

7 faculties
**9 prestigious universities
and institutes**

29 different geographical locations
including **6** different campuses in
the Lille metropolitan area.

Research

- **66** research units
- **50** research platforms
- **7** doctoral schools
- **1,985** doctoral students

**Close relationship with the
university hospital in the areas of
training, research and innovation**

Shanghai: Rang **400** globally.
Rang 12-16 nationally.
Leiden : rang 301-400
and 12th in France.

Times Higher Education 2025 :
2nd place in France and **107th** worldwide.

Catholic University of Lille

43,000

students

of which **8,800** are foreigners.

Association recognized as being
of public utility and labeled for its
training establishments (EESPIG) and
its hospital group (ESPIC).

23 training establishments

Multidisciplinary teaching
360 training courses
in **6** different training fields

+580 partner universities

**Healthcare and medical-social
establishments**

3 hospitals, **5** EHPAD (*accommodation
facilities for dependent elderly people*), **1**
DITEP (*system of therapeutic, educational
and pedagogical institutes*)

Research

- **12** research units
- **850** researchers,
teacher-researchers and
university hospital staff
- **220** doctoral students

RANKINGS:

**Challenges 2025 - international
ranking:**

EDHEC 7th among business schools.

Financial Times (Europe) : EDHEC 9th

ChangeNOW des Echos (France) :

Junia 13th engineering school, **IESEG**

7th et **EDHEC 8th** business schools.

hello

tertiary service, retail
and e-commerce

Numerous headquarters of large retailers
A strong family business spirit

More than 80 headquarters and 40 distributors.
Cradle and seats from major French companies:
Auchan, Decathlon, Leroy Merlin.

Les Places Tertiaires, a business club
dedicated to companies in the tertiary sector.

Retail & e-commerce sector

- **EuraTechnologies Blanchemaille** in Roubaix: start-up incubator and accelerator dedicated to e-commerce — 37 companies — 103 projects incubated or accelerated — over 400 employees
- **Historic headquarters of distance selling**: La Redoute, 3 Suisses
- **Cap Digital** : European hub for digital and ecological transition and commercial industries — over 130 innovative organisations — 218 projects funded

Events

- **Connect Lille**: the leading retail event
- **RetailGo**: event focused on innovation in retail around topics such as Artificial Intelligence, circular commerce and the supply chain

Higher tertiary sector

3rd tertiary market in
France (excluding Paris)
(source : MEL 2025)

107 000 establishments,
including **over 70 head offices** with **over 500 employees**
and **35 regional head offices**
(source : Insee Sirene REE 2021 – CCI Grand Lille)

69 059 employees in the
higher tertiary sector
(source : URSSAF, CCI et Hauts-de-France processing)

3,000
companies

13,000
employees

1
unicorn:
Exotec

Site of excellence:

Start-up and innovation hub, France's leading start-up incubator
and among the top 30 in Europe
(source: Financial Times 2024)

A dynamic sector:

Since 2017: + **57%** business start-ups

EuraTechnologies:

- **145,000 m²** spread over **5 sites**.
More than **600 résident companies** and **8,000 employees** created in 15 years.
- **4 sites in the metropolitan area: Le Blan-Lafont, Roubaix**
(Blanchemaille site), **Wenov** and **Willems** (Agrotech site)
- **200 projets accompagnés par an.**
- **+ 500 projects supported per year**
91% survival rate for start-ups after 3 years

25 datacenters

in metropolitan area including **8**
operated by **OVHCloud**

3rd largest city

for **business establishment** after
Paris and Lyon

30
specialised
training courses

5 establishments

involved in **research**: Inria, CNRS,
University of Lille, Centrale Lille Institut, Junia

Support structures for professionals

French Tech Lille:

A unique ecosystem that brings together start-ups and investors.

Cyber Innovation Center for Contactless Technologies (CITC):

A cluster certified as a **European Digital Innovation Hub (EDIH)**
for Internet of Things, AI and cybersecurity technologies.

Regional technology transfer platform of CEA Tech

For supporting corporate R&D.

200
companies

7,500
employees

10 certified companies
ExpertCyber France

Dedicated site:

Operated by EuraTechnologies, it is the first regional cyber campus to be certified by the National Cyber Campus.

The Metropolis, a cyber territory

Emblematic companies

| — Hornetsecurity | — OVHcloud | — Thales |

The Hauts-de-France Lille Métropole Cyber Campus

- 3,000 m² of workspace,
- 1 network of 70 partner companies,
- 1 startup incubator
- 10% of the start-ups listed on the Wavestone and Bpifrance Radar come from the Hauts-De-France Lille Métropole Cyber Campus.

Training

- **40 specialised higher education programmes** at universities and prestigious universities, in addition to engineering schools.
- **National Cybersecurity Training Center** of the National Gendarmerie
- Renowned engineering schools (IMT, ISEN, Centrale Lille...)

Research

A hundred researchers and research professors working at the CNRS, INRIA, Centrale Lille, Institut Mines Telecom of the University of Lille and the Catholic University of Lille.

Two major events:

- **INCYBER-EUROPE Forum** : 18,200 visitors, 730 partners and 100 countries represented – 580 participants (2025)
- **Campus Cyber Summit** organised by the Campus Cyber Hauts-de-France Lille Métropole – 600 participants (2025)

A first-rate alert tool:

Computer Security Incident Response Team (CSIRT) operated by the Cyber Innovation Centre for Contactless Technologies (CITC)

hello

cultural and creative industries

700
companies

6,000
employees

Site of excellence:

Major European hub dedicated to Cultural and Creative Industries, with 60 projects incubated in 2025.

- Audiovisual
- Gaming
- Music
- Live performance
- Design

Emblematic companies

- Alive
- Ankama
- Isthar Games
- Karafun
- Kazoo animation
- Lylo
- Nacon
- Petit Bambou

Training

 **3,500** students and accredited training courses

- Series Mania Institute
- E-Artsup
- Piktura
- Le Fresnoy
- ARTFX
- 2nd school in special effects in the international ranking of creative schools
- World's leading school for special effects in 2025

Research

- A research federation, **Visual sciences and cultures** (CNRS — University of Lille)
- A TORE platform that is a member of Equipex + Continuum
- A national studio: Le Fresnoy, National Studio of Contemporary Arts

Support structures

- **Game IN:** Association of video game professionals.
- **Noranim:** Professional association of the animation film industry.
- **Pictanovo:** Promotion and support for film and audiovisual production.

Events

Game Camp: trade show for the video game industry

PIX: professional festival of Cultural and Creative Industries

hello

textiles and innovative materials

379
companies

11,158
employees

4 pillars:

Textile

Plastics processing

Chemistry

Paper / cardboard

2nd largest region in France for the
manufacture of technical textiles
(source : CCI Hauts-de-France)

Site of excellence:

EuraMaterials

EuraMaterials, site for accelerating and incubating companies in the materials transformation sector: 70 projects supported per year, more than 350 projects since 2019, 61 projects incubated, 18 companies created after incubation.

Training

ESMOD: 1st French fashion school (CEOWORLD ranking).

ENSAIT: Ecole Nationale Supérieure des Arts et Industries Textile (National Higher School of Textile Arts and Industries)

17% of European textile engineers trained in the country.

ESAAT: Ecole Supérieure d'Arts Appliqués et Textile (Higher School of Applied Arts and Textiles)

EPICC: Ecole de Production Industrielle de Couture et Confection (School of Industrial Sewing and Clothing Production)

INFORMA: continuous professional training organisation dedicated to companies in the fashion/textile/clothing sector

Research

Chevreul Institute, a research federation of more than

4 research units in the field of chemistry and materials:
470 employees, including 196 researchers and research professors

Textile Materials Engineering Laboratory (GeMTEX) of ENSAIT:
40 projects per year, 36 researchers and technicians

French Textile Clothing Institute (IFTH) in Tourcoing

Support structures

CLUBTEX, European network of leading companies in technical textiles serving companies.

UITH Nord, Union of Textile and Clothing Industries of the North

Technological platforms

CETI, the European centre for innovative textiles and an innovation platform for modelling ecodesign, experimentation and the industrialisation of the textile fabrics of the future.

2 technical platforms within the Chevreul Institute:
– one for advanced characterisation
– one in engineering for chemistry and materials

hello

health and nutrition

600
companies

13,400
employees

Site of excellence:

Bio-incubator, France's leading health incubator
(in terms of number of projects supported)
Ranked in Labiotech's Top 15 best incubators in Europe

A centre of excellence on one of Europe's largest university hospital
campuses: 300 hectares - 3,400 employees - 600 companies

The University Hospital Centre of Lille, HQS certified

- **2nd** hospital centre in France for clinical research
- **3rd** health centre in France
- **22** research units
- **38th** in the World Ranking of the Best Hospitals (Newsweek 2026 ranking)

 **12** hospitals **16,000** professionnels of wich **3,800** médecins

Pasteur Institute of Lille (established in 1894)

7 research units
bringing together **600** researchers from **the University of Lille**,
l'Inserm, **CNRS** and **Lille University Hospital**.

1 **Prevention, Health and Longevity Centre:**
25,000 health check-ups per year.

1 **international vaccination centre, national reference in travel medicine:** **15,000** people seen per year.

The Hospital Group of the Catholic Institute of Lille

2nd university hospital centre in the metropolis, 3 healthcare facilities,
hospitals and clinics, 2 emergency services, **3, 750** healthcare professionals
working every day to treat, train and innovate.

Research

50 research laboratories affiliated with the University of Lille, Inserm, CNRS, the Oscar Lambret Centre, and the Pasteur Institute of Lille. Recognised areas of scientific excellence in infectious and metabolic diseases, degenerative diseases, cancers, and the fight against antibiotic resistance.

Cutting-edge research centres

- **ONCOLILLE:** interdisciplinary cancer research institute
- **PRECIDIAB:** diabetes precision medicine research centre
- **CIIL:** Lille Centre for Infection and Immunity

Clubster NSL (Nutrition Santé Longévité):

A national competitiveness cluster

- **+300** members
- **3** missions: financing innovative projects, business development, support for collaborative innovation

From farm to fork

1st agricultural metropolis

in France with **43%** of agricultural land

(source : RGA 2020)

2nd market of national interest

For fruits and vegetables **after Rungis** (202,000 tonnes per year)

Site of excellence:

Since its launch in 2017, the Euralimentaire Incubator has supported 150 projects, resulting in the creation of more than 90 companies and more than 300 employees.

The transformation

from craft industry to world industrial leader

 **757** farms

(source: GA 2020, ADULM processing)

38 ha on average
per farm

4 PGI (Protected Geographical Indication) products for mainland France: Merville potatoes, Champagne poultry, Flandres Artois juniper (IG) et Lingots du Nord bean (IGP). (source: INAO, 2024)

88 food processing
establishments

(source : Hub Agro, 2023)

2,400 food shops, i.e.
15% of all shops

(source REE 2020, ADULM processing)

Short supply chain:

146 points of sale in short supply chain

(farm sales, AMAP and pick-up points)

(source : Carnet de producteurs 2023, MEL)

2/5 farms are involved in short supply

chain (out of 757 farms)

(source: RGA 2020)

Training

- **Junia — ISA:** engineering school, specialised in life science, agriculture, agri-food and ecological transition
- **University of Lille – Polytech:** a leader in the training of engineers in biological engineering and food processes for the agri-food sector, the bioeconomy and mass distribution.
- **Lille International Hotel School:** 1st French hotel and catering school (CEOWORLD ranking)
- **Baluchon Incubator:** support programme dedicated to the catering industry, located in the heart of priority neighbourhoods and open to all.

Research

A cross-border research unit **BioEcoAgro** which brings together researchers in biology, agronomy and biotechnology from the Hauts-de-France and Liège regions (including INRAE, the University of Lille, Junia).

The Palais Rameau, a historic monument, has been renovated by JUNIA to become a demonstrator/incubator for urban agriculture and the food for the future.

3 incubators **Euralimentaire**,
Baluchon and AgroTech at
Willems

A unique network of metropolitan players in
the food transition: **the Innov'Alim network**

hello

gastronomy

Lille Street Food Festival

Organised by the Hello Lille attractiveness agency, it is the largest street food festival north of Paris.

59 restaurateurs & brewers

55,000 visitors

(+6,000 more than in 2024)

Catering

430 bars and cafés
